

STRYKER

FASTNET ROCK X LAETITIA

FASTNET ROCK FACTOR

Fastnet Rock is the hottest sire in the land and his son Stryker is the next generation. Fastnet Rock has produced Wanted, Atlantic Jewel, Mosheen, Foxwedge and Your Song and continues to produce Group 1 winners in abundance.

TOP 20 MOST POPULAR STALLIONS

His support from breeders has seen him in the top 20 most popular stallions in Australia for his first two years at stud.

Broodmare owners decide quickly if they want another foal by the same sire next year and for a first season sire to cover more mares in the second season is always a big vote of confidence.

| Sire | First Year at Stud | Second Year at Stud |
|-----------------------|--------------------|---------------------|
| Bel Esprit | 122 | 152 |
| Danehill Dancer (IRE) | 91 | 97 |
| Danzero | 76 | 96 |
| Flying Spur | 115 | 125 |
| Testa Rossa | 108 | 116 |
| STRYKER | 124 | 150 |

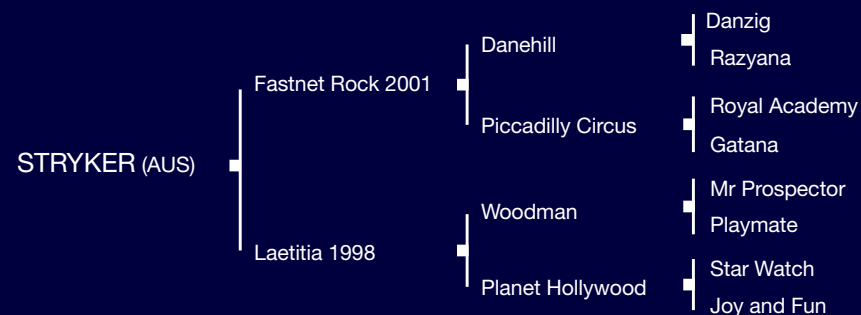

Stryker covered 124 mares in his first season and 150 last year, so this brilliant Group III winning sprinter from the Denise's Joy family of champion New Zealand sire Thorn Park will not lack for numbers.

QUALITY OF MARES

The quality of the mares covered by Stryker is further evidence of the support he is receiving from leading breeders as 70 of those 274 mares, or a quarter of his books to date, are stakes performers or stakes producers. These include mares such as Group 1 winner Recurring and Kaaptive Empress, the dam of Pressday. The dam of Pear Tart, Tangerine Dream, has a date with Stryker for the 2013 breeding season.

STRYKER (AUS) - BAY 2006 - 16.1 HH

Stryker's progeny are very impressive and the most important traits he is passing on are his strength, appetite, temperament and the lovely loose Fastnet Rock walk that yearling buyers love to see.
